The theme of this year's book is Images. We all have images of our days at Santana that are special to us. We hope that the pages of your 1977 Scimitar will always bring you a laugh, conjure up a story and perhaps bring a tear for the good times past. So turn the page and let the images spin . . . like a circle in a spiral, like a wheel within a wheel, Never ending or beginning on an ever spinning reel, As the images unwind, Like the circles that you find in The Windmills Of Your Mind!

Santana Reflects

Santana's Sultans have really reflected upon this year. Spirit has shown with such activities as Homecoming, 50's day, and assemblies. The participation of the Sultans in many of the activities has been something to remember always.

Homecoming Was a Winner!

This year's Homecoming really WAS a winner. The Sultan football team had a tough time trying to beat Vahalla's Norsemen. But with the spirit of the KGB chicken and all of Santana's fans the mighty Sultans came back and won the game 19-14. That was only the beginning because the highlight of the evening was when Debby Nichols was crowned Homecoming Queen of 1976 by Terry Fletcher, last year's Homecoming Queen. These five finalists were voted the Homecoming court for this year.

AFS and ICX . . . Reflections

Dear Sultans,

Sitting at my desk in my new home, I'm thinking about what I could write in the yearbook. Should I write about my first day, when we were just on the way home from the airport. We stopped by the McDonalds and ordered a lunch without even getting out of the car, and I thought to myself: "Is this the easy way of America?" Or should I write about the beach party, where I got another "shock". The "shock" was, how we solved the problem to get sticks for our hot dogs. We used hangers!!! I could write about the registration in school which was really strange for me. These three happenings are only a selection out of other "shocks". A lot of things are absolutely new. In Switzerland, we don't have a drive-thru McDonalds or Jack-in-the Box. We are used to going out to a Restaurant and spending one or two hours there with eating and talking. Our school system has 9 years required school and all subjects are required too. I would wish for all of you that you would have the chance to go abroad too. I'm still at the beginning of my American year, and I already thank all the people that helped me. If you ever "hang around" in Switzerland please do come to see me.

Dear Sultans,

I come from the country of Turkey where the Sultan had once lived long ago. The Sultan image, whether it be big or small to others, for me, to see something which is close to my culture would make any exchange student from Turkey feel comfortable. When I first came I didn't know that the word "turkey" means stupid in American slang. It was so funny to learn this after going to Parkway Plaza with a shirt which said "A.F.S. Turkey" on it. I thought that everything would be different than my country, I saw that I was right. The freeways and cheerleaders were different and new for me, especially I had a hard time getting used to the advertisements which kept interrupting the news and movies on T.V. There aren't any activities, games or dances in Turkish schools because of economic and cultural reasons. But everything we do here, had to do with school. The lessons and teachers aren't very hard either. On the first couple of days in such a big school I felt very alone, but now I have many good friends, I am very happy. I appreciate very much the I club for their helpful friendship. So I like my school a lot. I will never forget my AFS year and you, Sultans for all my life.

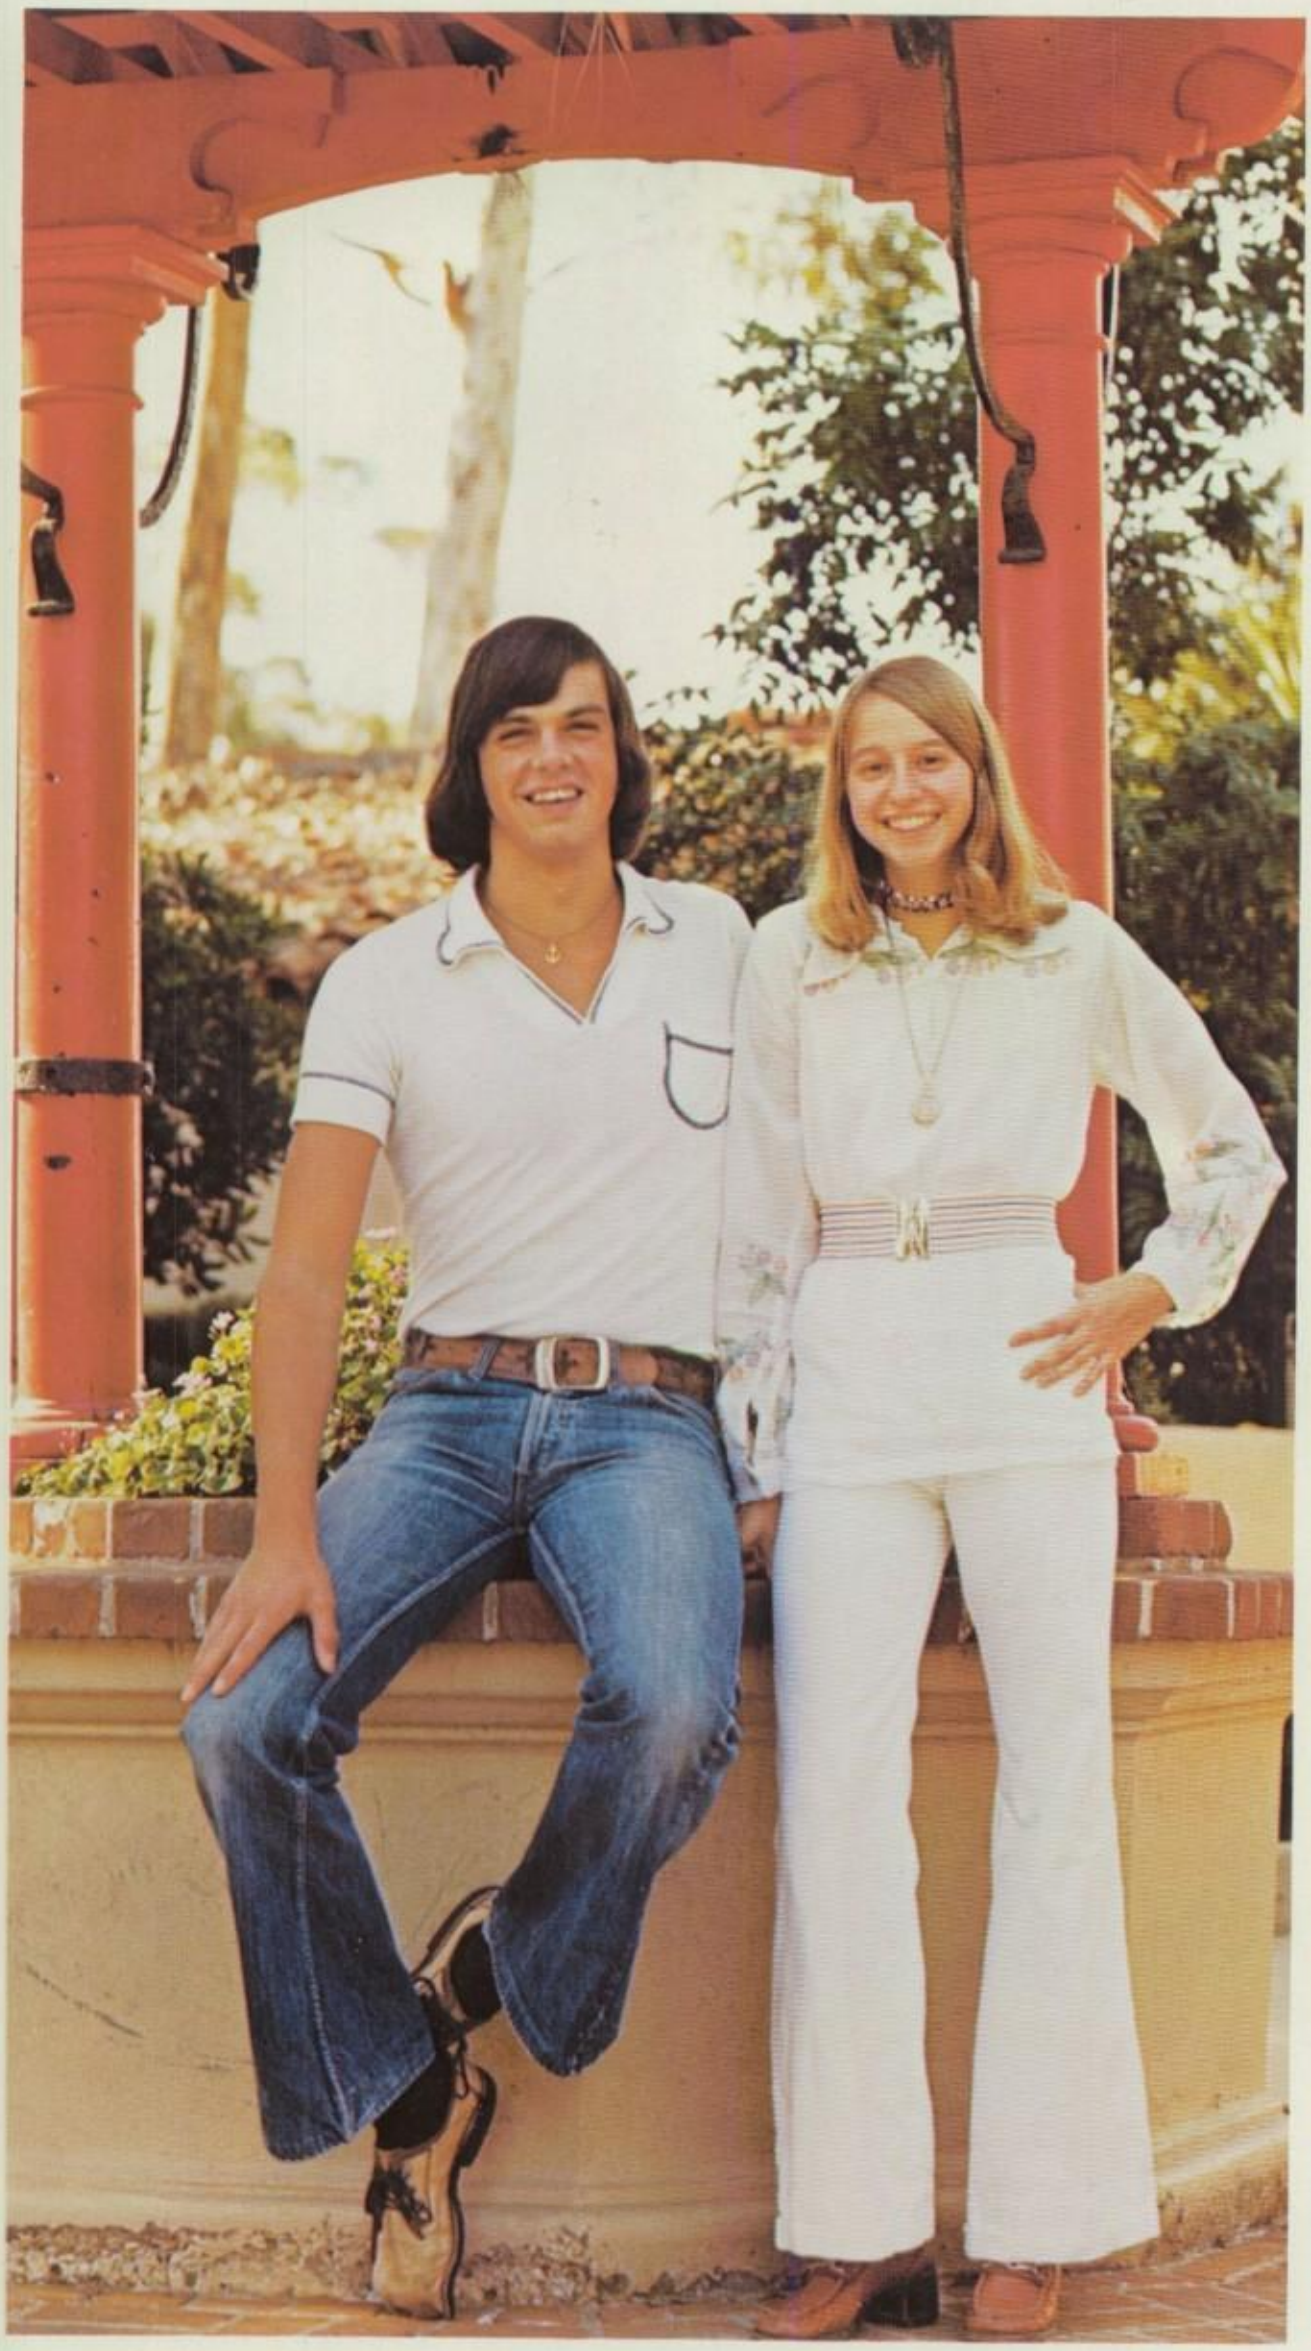
# of Their Worlds



Hey Sultans!

After every schoolyear I've finished I've said this year has been the best. Already I know I'll repeat the words. Like exchange students say, it's a different country, a fast country and a country where you can have fun. I'll never forget your football games, dances, Jack-in-the-box (what a bom. . .) and your drive-ins. A big thing to tell the guys about at home. Sultans, its because of you. It was hard in the beginning. It seemed that people had to mind their own business. The cooler you are the better. Five minutes between class is too short. How can you make friends here. Now I can see that's just your way of life. But I made it and that's because of the I-Club. I want to thank you very much especially one guy; Micheal Essary, you're just wonderful. So many thanks, MIKE! At last I want to say that we in Denmark don't know what school spirit is. I do now. It means something you can be proud of, something for you and me. Keep it that way Sultans. I'm proud of being a Sultan. Thanks for that to my family, Steveson's, my teachers and you my friends. Thank you.

The best wishes,
Nick Buch Thomsen

Dear Sultans.

As I arrived at the airport my first thought was: "How can I ever get used to this". I saw the freeways, the new and big buildings and other things, quite different from home. I got adjusted to most everything and I can thank my wonderful family, the Rankins, for that. About the school I can say I find it great. I've received much kindness and I didn't expect that because of the size. The school I came from has 900 students, but Santana students seems to have much more warmth than any of these 900. Thanks to Santana, I'm really happy that I came to this school. I would like to thank the I-club, they've been a big help to me and I'm glad Santana has such a good I-club. I had never heard of an I-club before I came here, but I'd like to make an I-club at my school. I'd also like to thank the I.C.X. who has given me the opportunity to have this experience. This will be one of the greatest experiences of my life. Once again I'd like to thank you, Sultans, for being so wonderful to me. Visit me if you should go to Denmark. I'd love to see you again.

DRAMA GETS ITS ACT TOGETHER

Drama is an organization which enables students to express their creativity by organizing, producing, and acting in plays. Drama also allows students to explore the world of acting and stagecraft. Ms. Norma Basgall is the advisor.

This year the Drama club presented a play entitled "The Miracle Maker", which starred Peggy Gabrielson as Mrs. Keller, Carlos Olmeda as Captain Keller, Patty McGuire as Annie.

Back Row: Sharon McBrayer, Carlos Olmeda, Carol Bellchamber, Elaine Murphy, Tina Zink, Gary Taylor, Julie Vandervoort, Debby Brada, Vicky Waller, Debby Moore, Ken Vanetten, Bonnie Repass, Michelle Morrison, Linda Pereau, Front Row: Mark Hindman, Joy Wothen, Beth Wideman, Patty McGuire, Cathy Sherrill, Mike Martinson, Dave Mayer, Marlina Hughes, Peggy Gabrielson, Lee Causus, Anna DePietro.

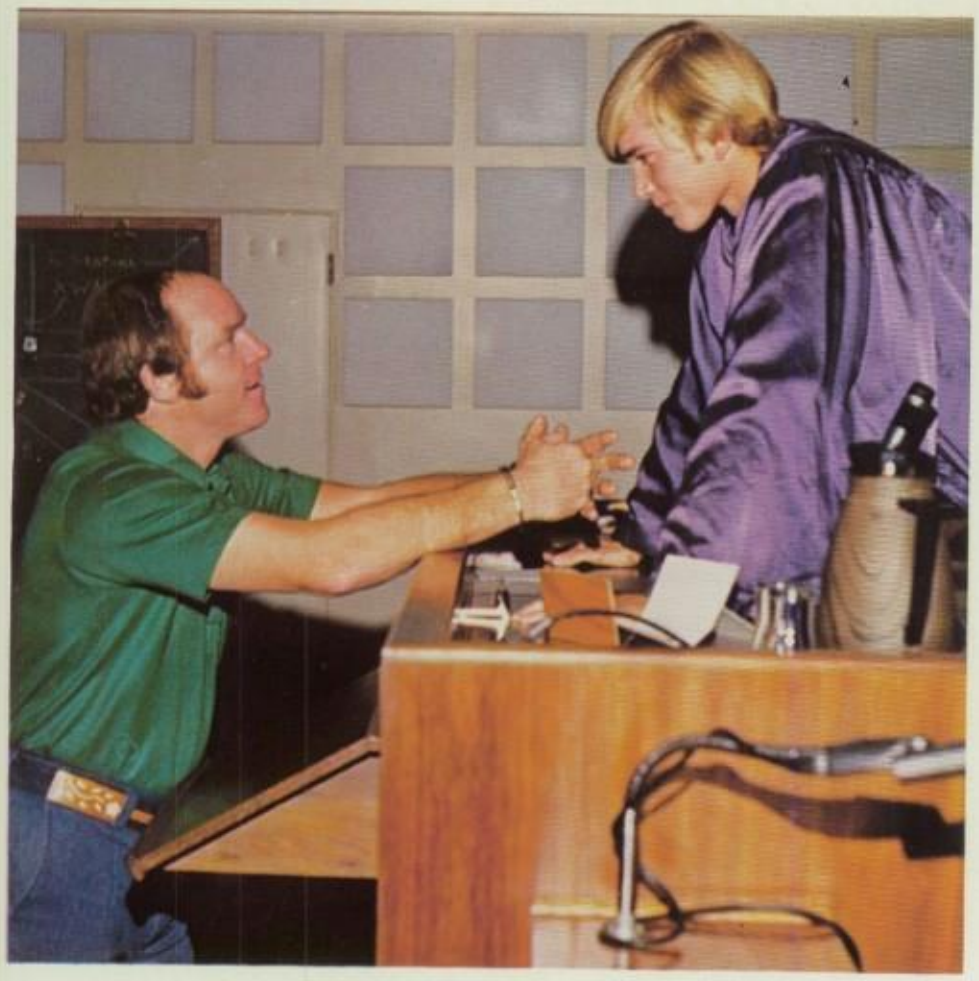
Some of our dynamic ASB officers- Sharon Spieker, Vice President; Julie Petersen, secretary; Nancy Grignano, finance; and Mike Zack, President. Keith Richardson, a hardened advisor, is not overjoyed about getting his just desserts.



Our ASB commissioner did a fantastic job in making 1976-1977 a scintillating school year. Mr. Bob Guess, the former advisor, now Vice-Principal, got ASB off to a splendid beginning. Coach Keith E. Richardson gained the position in late November and did an outstanding job for the remainder of the year.

From left to right, here is the brilliant ASB cabinet- Mike Zack, Pres; Julie Petersen, Secretary; Sharon Spieker, Vice Pres; Karen Weber, Sales; Beth Cope, Cultural Affairs; Nancy Grignano, Finance; Advisor Coach Richardson; Terri Ruble, Publicity; Leanne Young, Publicity; Judy Davis, Publicity; Julie Beach, Publicity; Caroline Dela Cruz, School Service; Sue Stanger, Public Relations; Carolyn Kennedy, Alumni; Cindy Alm, Girls Athletics; Tim Buckner, Sales; Not shown, Jeff Jackson, Boys Athletics. 1977 brought a totally new Scimitar Staff and advisor. Although inexperienced in publications we were very enthusiastic. Our advisor Cathy Mills has really inspired the staff with a number of good ideas. The Scimitar staff has become a close group and has learned to work together. As a group we have really held together through thick and thin.

DECA, Tomorrow's Business Leaders

Santana's DECA club belongs to a nationwide organization known as Distributive Education Clubs of America. The club functions as an area for students to develop leadership skills as well as gain experience in technical and social fields.

Once a year DECA holds a state career development conference in Northern or Southern California. During this conference members compete for awards in such areas as sales, advertising and display. The students spend two days at the conference and are able to meet and enjoy contact with other members of DECA from all over the state.

Le Cercle de Fransais, better known as the French Club is composed of 22 students in advanced French classes. The advisor of the Club is Mrs. Rooney.

This is the first year of the Club, and a trip to Montreal Canada is their first goal. These spirited students have put in a great amount of time and effort raising money for this event. The students started earning money during the summer of 1976. Some of the fund raising events during the year were car washes, candy sales, drawings, a banquet, paper drives, and other activities.

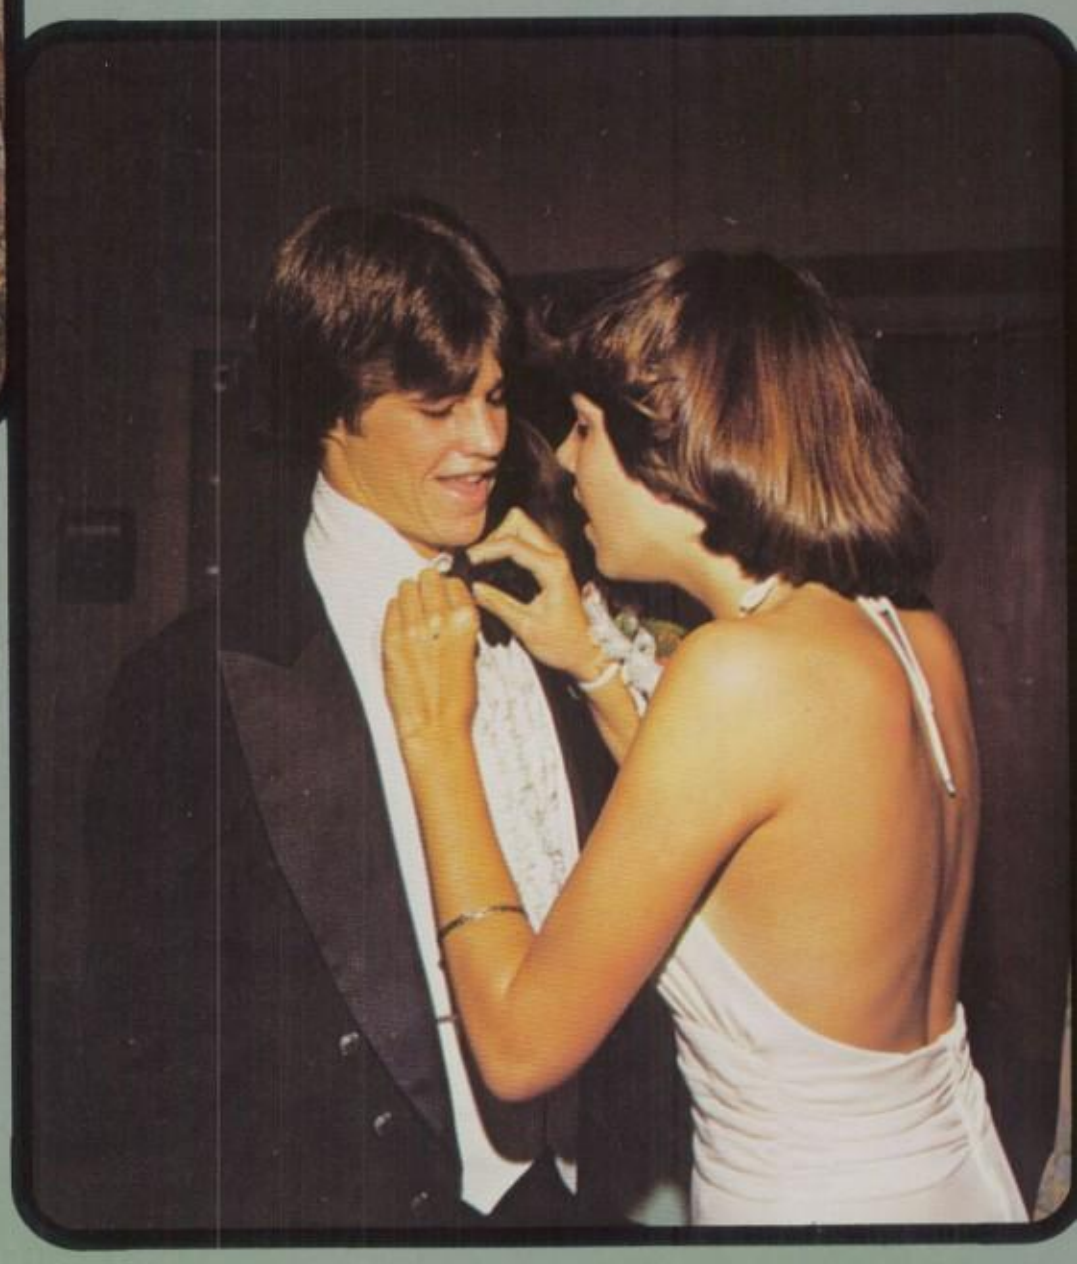
Santana's Candlelight Christmas Dance was a big success. 225 couples danced to the music of Mellow Express. Senior class decorated all the tables with golden Christmas trees and candles. At the center of the room was a giant Christmas tree with decorations bearing the names of all the couples. The dance this year was formal, semi-formal, and everyone looked their best. Princesses were: Linda Herrington- 12th; Lori Taylor- 11th; Wendy Parkes-10th; and Lesa Kitchen-9th. Lesa Kitchen was crowned queen by Bev Hanson, Senior class president and also a former Christmas queen.



Paul Johnson and Susi Meyers get ready for pictures to be taken.

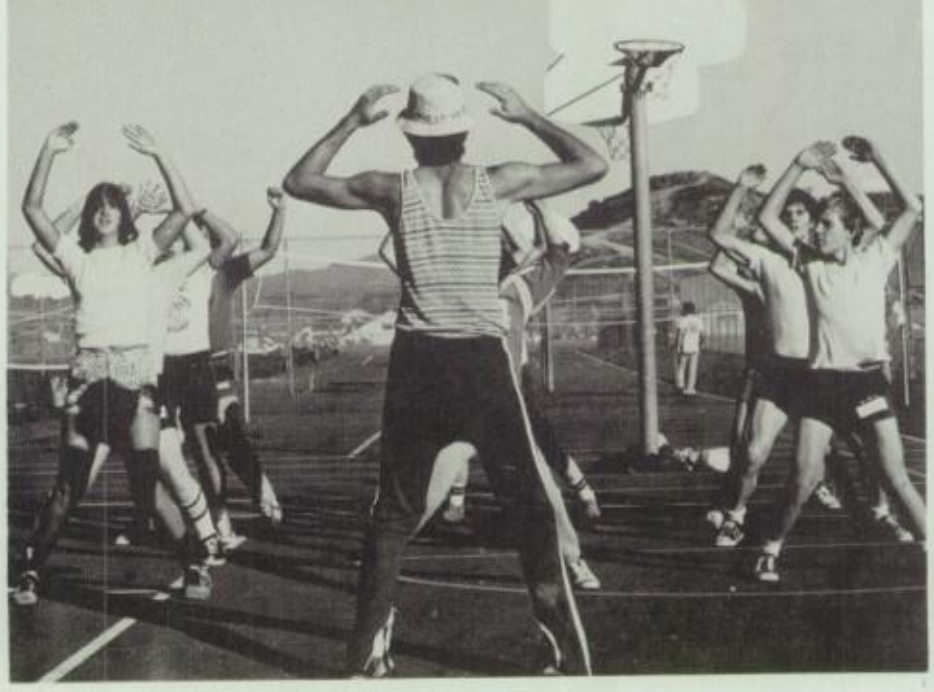
Everyone knows that pictures make the yearbook! John Stickney, a professional from Boyd Anderson Studios, helped us tremendously. He was responsible for most group and color pictures. Our student photographers were Cathy Altizer, Rhonda Barber, Vernon Gilmore, and Betsy Wismer. Thanks everyone!!!

Boys' and Girls' State

A Step Toward the Future

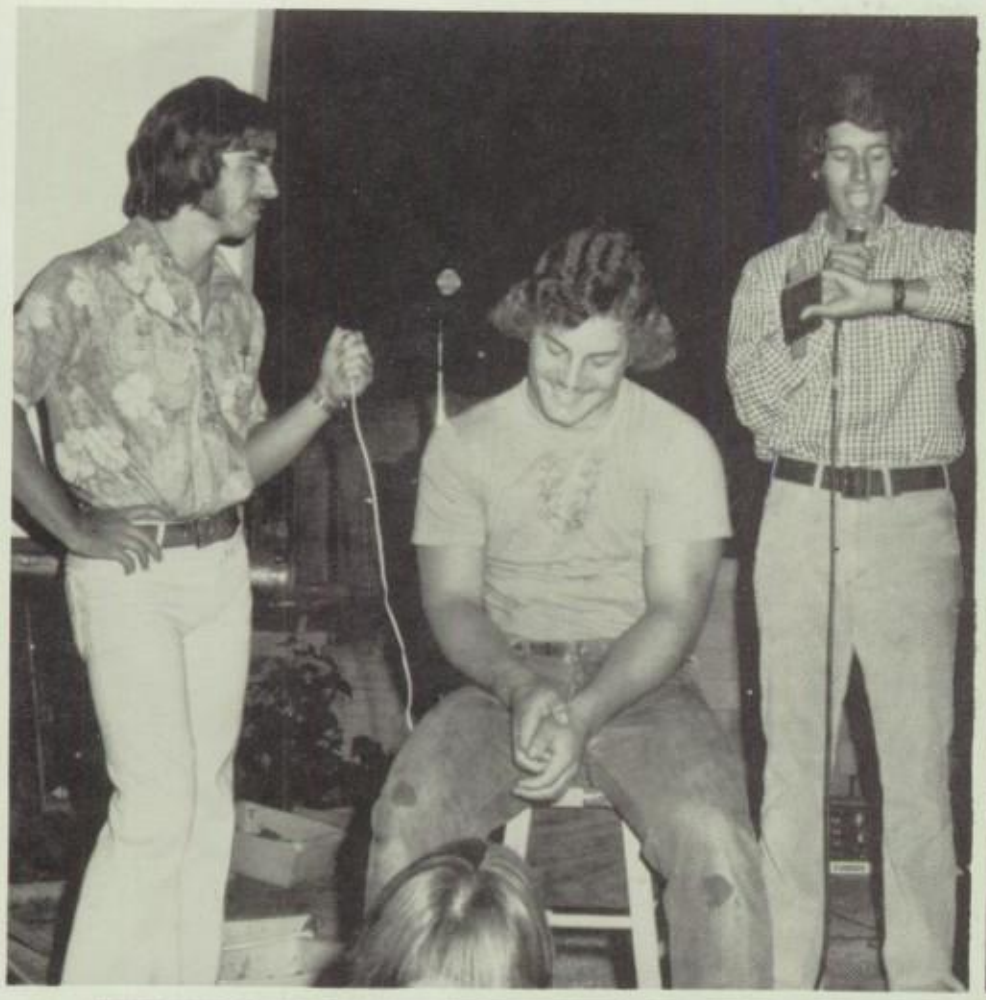
Greg Lorkowski and Kim Hall were Santana's representatives for Boys' and Girls' State this year. They were chosen by the faculty and went to Sacramento to participate in a simulated state government. Students came from all over California and set up their own state with counties, cities and all the elected officials that go with it. They learned how a state government is run and at the same time had a lot of fun. Speakers from the State Senate, along with other political figures, came and talked to the students. When the session was over Kim and Greg received a life membership in Boys' and Girls' State.

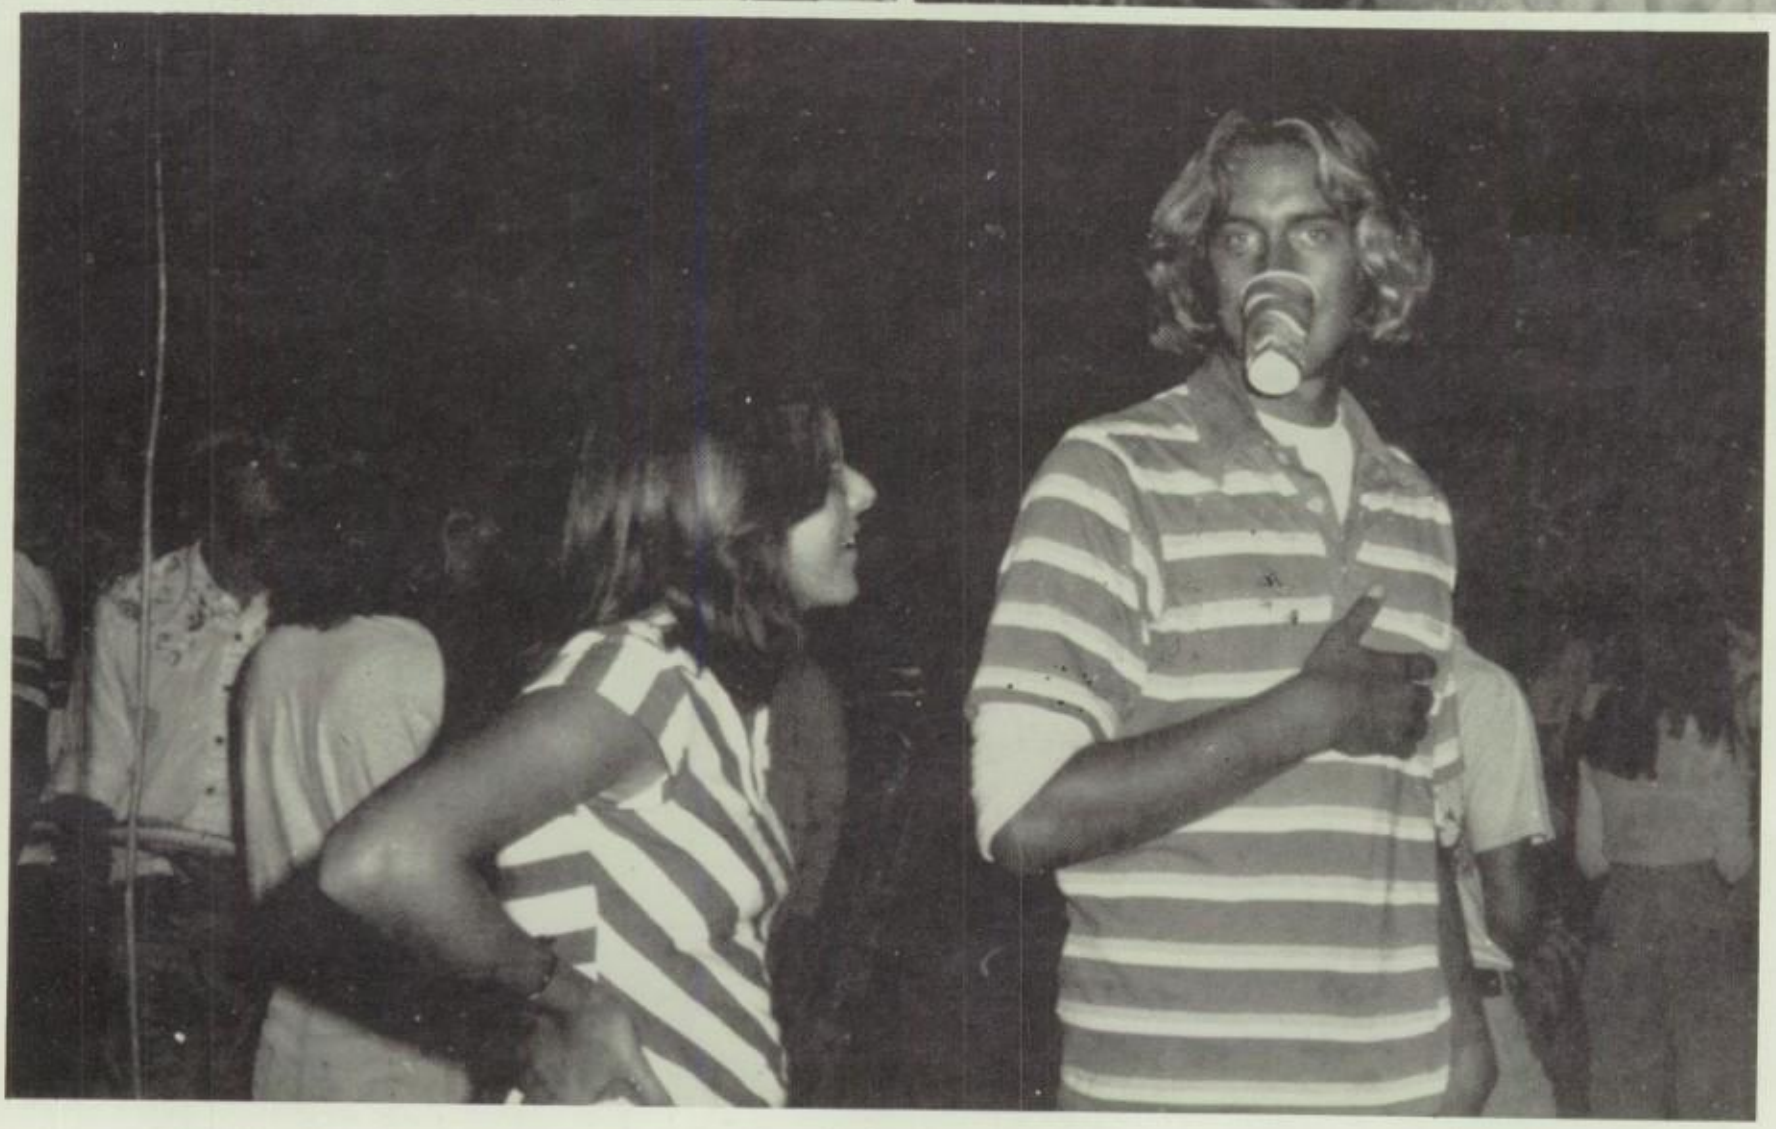
ROTC: Today, Cadets; Tomorrow, Officers



Just what is R.O.T.C.? It is Reserve Officers Training Corps. It is an outstanding program which teaches leadership, map-reading, first-aid, and also how to put together, take apart, clean and fire weapons. R.O.T.C. is a great benefit for those who are planning on joining the service; and even if you are not, the carefully trained skills will be a great help in your everyday lives. This four year course provides P.E. and drill one day a week, two class days, and one day of inspection. The cadets are put into ranks and promoted to a higher rank as they show the ability to become a leader.

Campus Life At Its Best





The first big event of the year was the "Burger Bash". It was held at Richard Vega's house and was a great success. There was enough food and fun for everyone. Campus Life also presented their 12th Annual "Scream in the Dark" which was held at Belmont Park. Although Campus Life is a lot of fun, it also has its serious side. For instance there is "Insight". This is a meeting in which the members get together and discuss the Bible.

International Club

Santana's "I"-club has a rather unique purpose. That purpose is to acquaint our foreign visitors with out school, the students, and our way of life. We also seek to learn something from them about their countries. We accomplish this through many different activities which involve the exchange students, ahd the students in the club. Such things as picnics, parties, fund-raising activities, and get-togethers, so everyone can get to know each other. We hope that as long as there are exchange students at Santana, there will be students here interested enough to join the "I"-club and make our foreign visitors' stay more enjoyable.

JV'ers Tackle Their Way To Safety

Under the direction of Mr. Clark Staples and his coaching staff, the Junior Varsity Football Team led a very interesting season this year. Not only did they learn football skills, but they also learned what it means to work with others in order to form a more successful team.

Varsity Boogies On For A Touchdown

Santana's Varsity Football Team had a pretty rough season this year, but they seemed to pull through the hard times with the help of the many students who supported the disappointed team. The one time they will always remember is Homecoming "76" . . . the night they defeated Valhalla, the score 19-14.

The Sultan track teams are in for a record breaking season this year. More Varsity lettermen are returning this season than ever before, and a few records are bound to fall. Among those returning are two of the county's outstanding pole vaulters, Randy Kirby and Eric Eyerman, both vaulting over thirteen feet. Adding more glitter to the already sparkling squads are Coaches Lloyd Kaster, Don Donnelly, Ray Scholton, and 1976 Olympic hurdler Patrice Shmock. This could be the best year ever for the mighty Sultans.

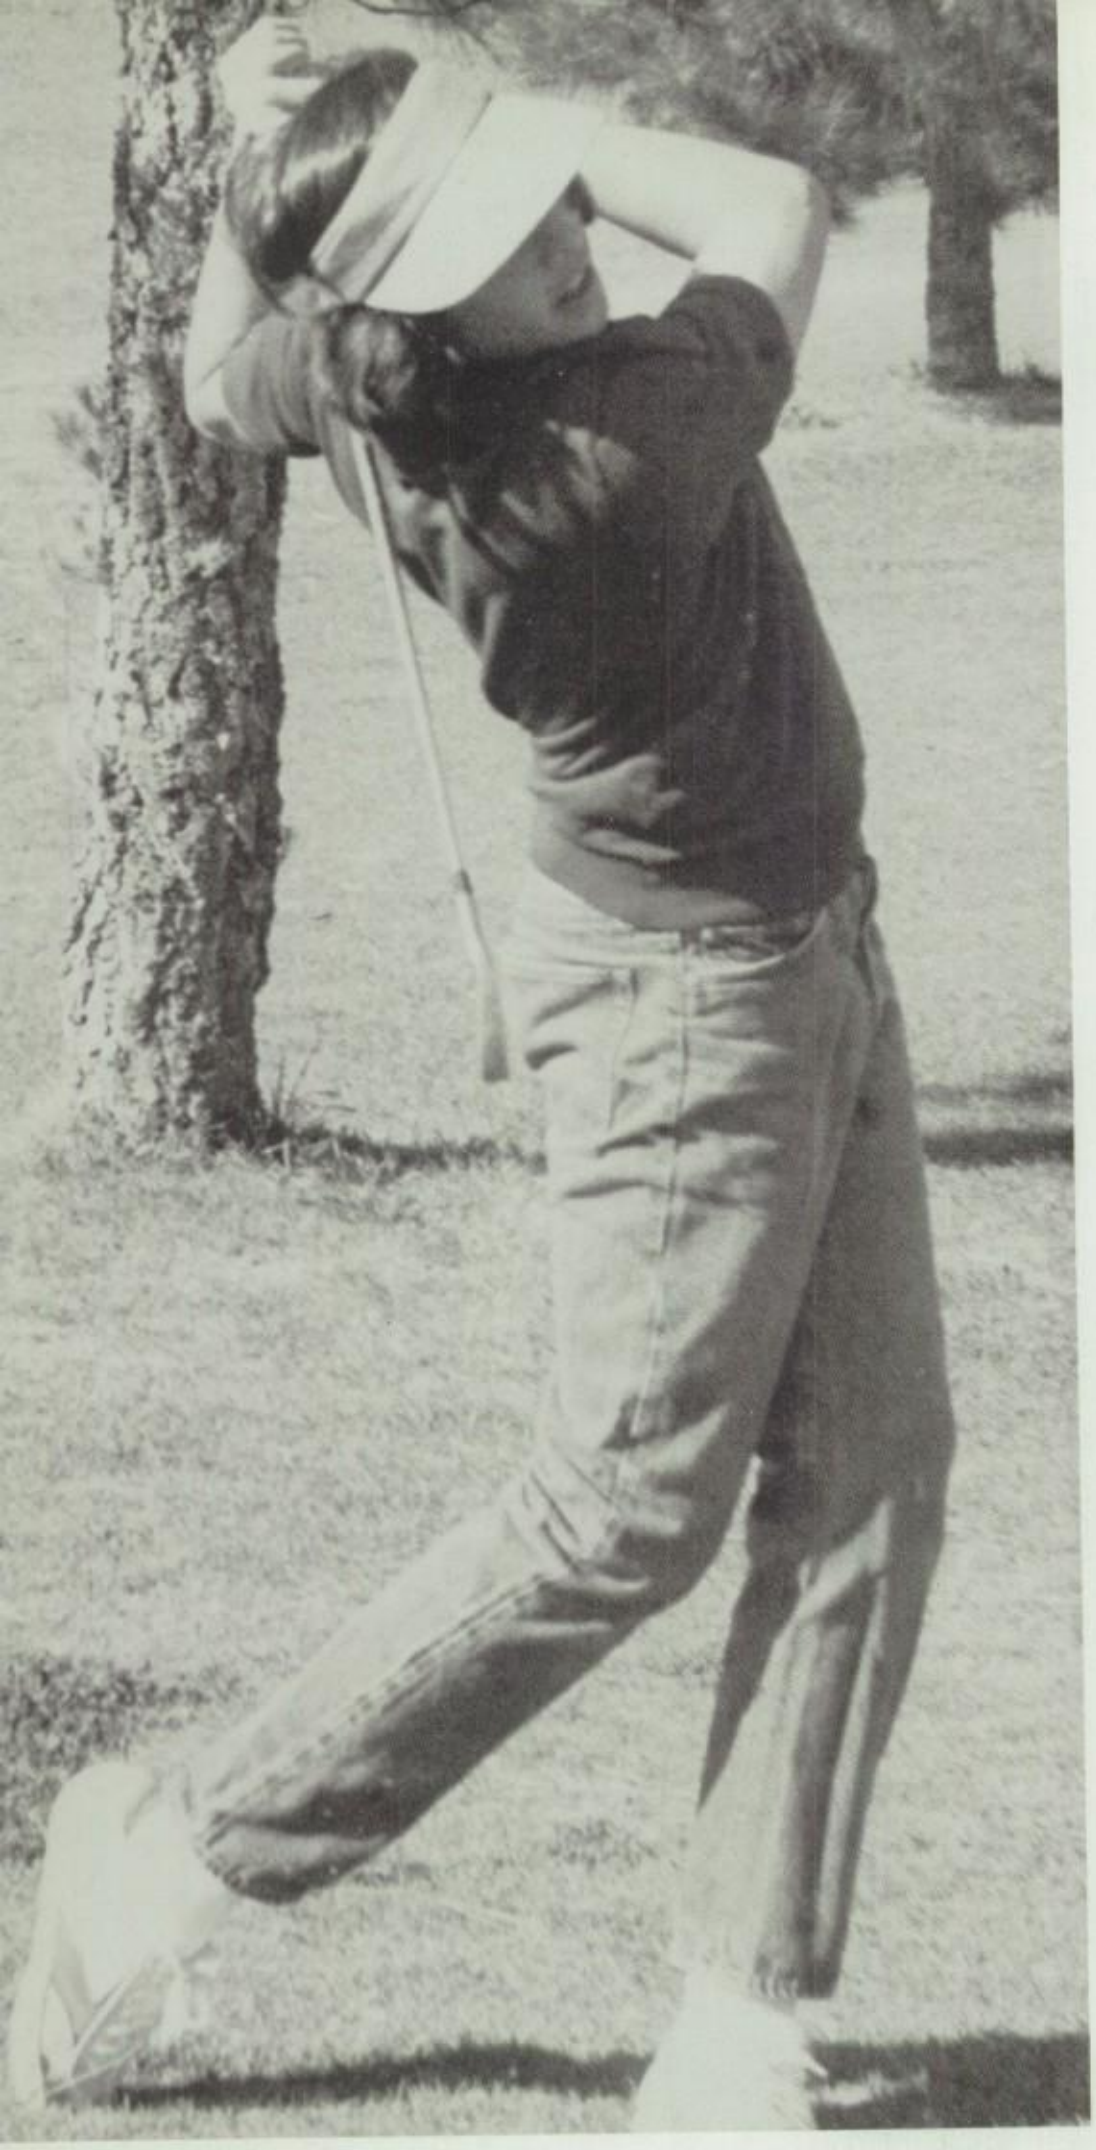
The SULTANS



Our Santana Golf team had an excellent season this year. With old veterans: Tony Smith, Joe Verdone, Todd Koopman, Jim Emberly,and Barney Hinkle, it was hard to miss. Many talented new comers also contributed greatly to the team effort. The main drive of the team though, was Tom Curran, Santan's illustrious golf coach. Mr. Curran has been coaching Santana's golf team ever since the school opened, for a grand total of twelve years.

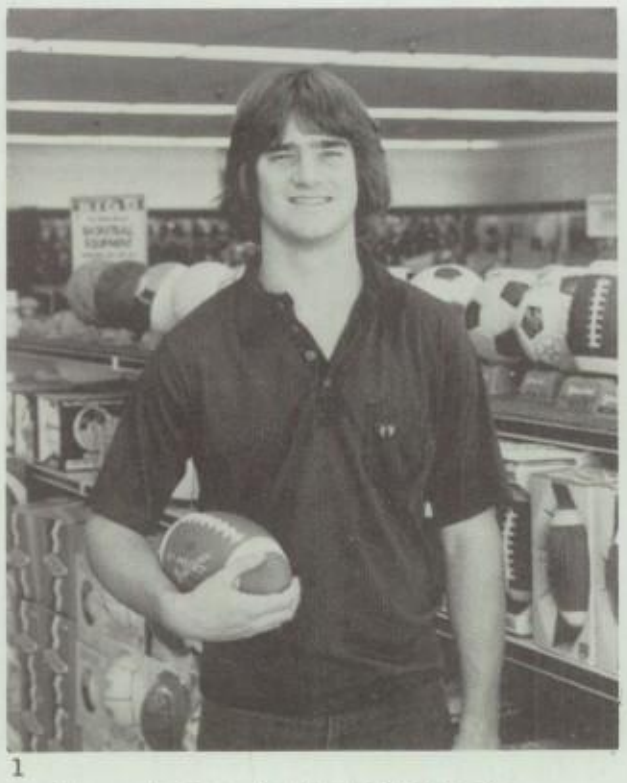
SULTAN SUPERSTARS



1

2

Never before in the history of Santana has athletic talent been so abundant. Outstanding performances by each athlete made it hard on many coaches who had to decide which person on their squad was the most deserving. These next two pages are dedicated to these Superstars in recognition of their fantastic athletic contributions.

1. JIM FOSTER-FOOTBALL: Jim was chosen because of his versatility on the football field. He played tailback, running back on kickoffs, punted and played defensive safety with equal greatness. Jim was also All League First Team Safety.

2. JULIE BEACH-TENNIS: Julie practiced diligently and progressed to the point where she was playing third or fourth position on the Varsity squad. Julie was selected Most Improved Player at the end of the season by the rest of the squad.

BOB GIANNARIS-TENNIS: Bob was selected because of his excellent winning consistancy. Bob is expected to place high in league standings this season, and possibly in C.I.F.

3. RANDY KIRBY-TRACK: Randy vaulted 13'7" as a junior on track last year. He has worked hard and hopes to be well into the 14's this year. He will be a good prospect for the State meet this Spring.

4. JIM DAVIES-CROSS COUNTRY: Jim led the cross country team to it's most successful season in eight years. He ran 15:06 over both three mile courses and will be back again next year as he is only a junior.

5. BECKY DAVIS-GYMNASTICS: As a freshman, Becky was league J.V. all around champion. As a sophomore, she was League Varsity Compulsory all around champ, second place Varsity all around in C.I.F. This year Becky will compete on the Varsity Optional team as an all around competitor.

6. KENT ROTH-WRESTLING: Kent showed extreme power and competitiive spirit, with desire to win. This was shown by his league record as he overpowered many and succumbed to few.

Back Row: Jim Davies, Randy Kirby, Dave Gernstien, Richard Parkenson, Barney Hinkle, Jim Foster, Bob Giannaris. Front Row: Debbie Nelson, Becky Davis, Julie Beach.

7. RICHARD PARKENSON-SWIMMING: Richard is expected to be the best sprinter here at school, and one of the best in the Grossmont League.

8. DEBBIE NELSON-BASKETBALL, VOLLEYBALL, SOFTBALL: Debbie showed effort and leadership in all three sports. She was a three Varsity starter in basketball, and four years as a Varsity starter in Volleyball and Softball. In volleyball, Debbie was Most Valuable Player of '76, highest scorer of the '75 and '76 seasons and Varsity team captain in softball, Debbie was extremely versatile, playing infield positions or pitching.

BARNEY HINKLE-BASKETBALL: Barney is in his third year as a Varsity starter. In that ime Varsity has won twenty games each year and been in the playoffs all three years. This is what he has meant to our team. He was selected All League for two years running, and second all C.I.F. as a junior. By the end of this season he will either be the first or second best scorer in Santana's history.

Santana's Varsity Softball team was composed of twelve of the finest athletes I have had the privilege of coaching. We had a tough schedule this year, but not once did they give up. We have a young team and I feel that in the near future with our added experience we will be a fine team.

Becky Rotsart

The Junior Varsity Softball team has had a strong beginning so far this season with 2 wins, 1 loss, and 1 tie in league play. The team which consists mostly of freshmen, has a lot of potential and should place high in the standings.

This year's Varsity Basketball team turned an elusive dream into reality. While waiting a whole year to capture the title of being No. 1, working through a tough season made the victory that much sweeter. With each playoff victory, tension mounted; especially for Coach Hare and the team. The excitement was relieved, however, on that memorable Friday night at the Sports Arena. We had lost to Helix three times prior, and were not favored to win. The final moments took their toll on Mark Snow, Helix's 6'10" center, and he fouled out. We truly experienced the thrill of victory on March 4, 1977, with a winning score of 54-42. Barney, Mark, Richard, and Bob are all leaving, so the victory had a special meaning for those team members.

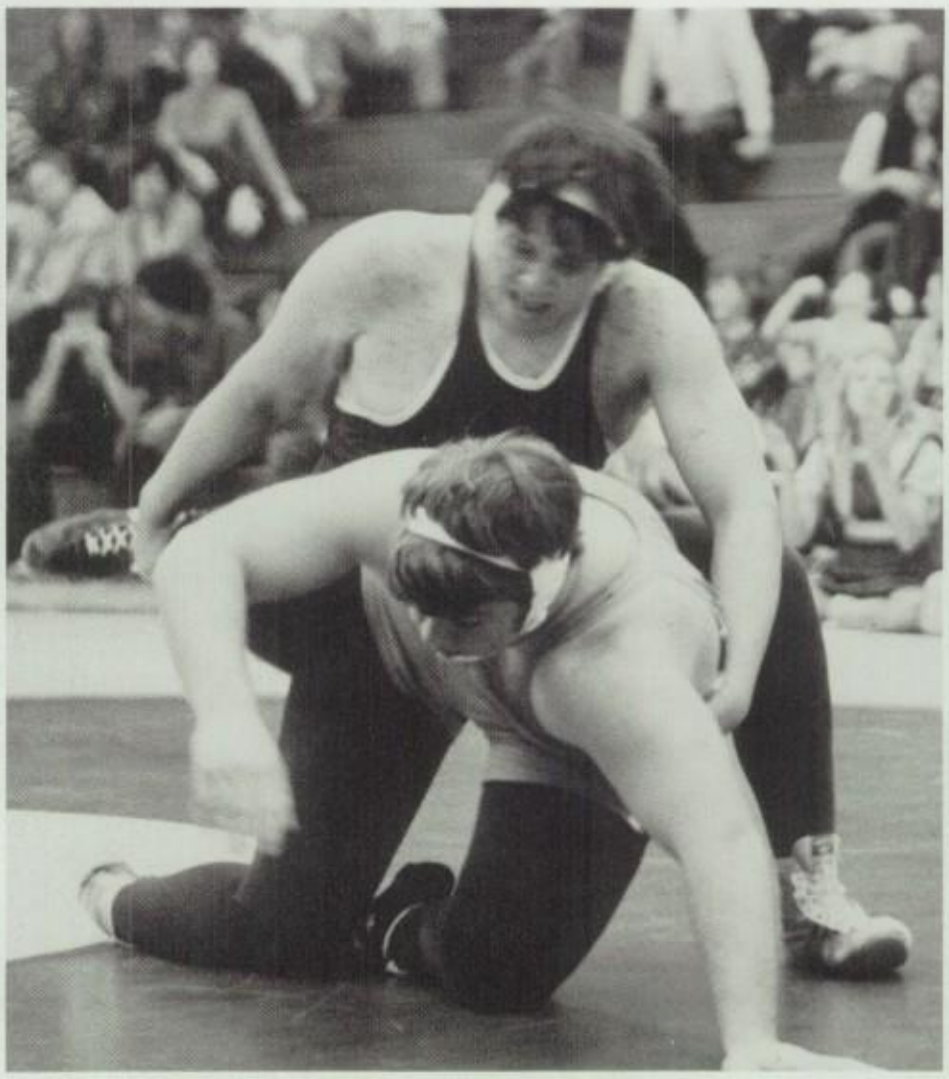
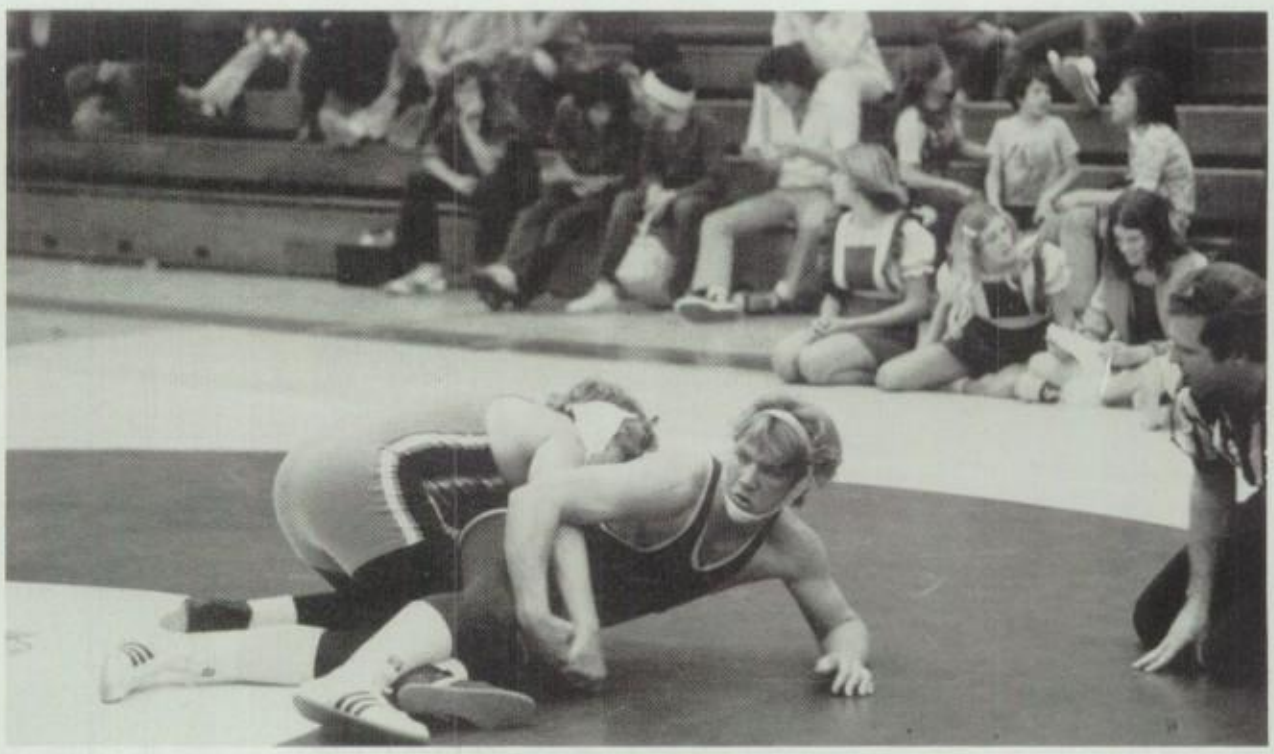
David Anderson concentrating on winning.



Bob Seiner taking control.

Coach Richardson intensely watching a match in progress.

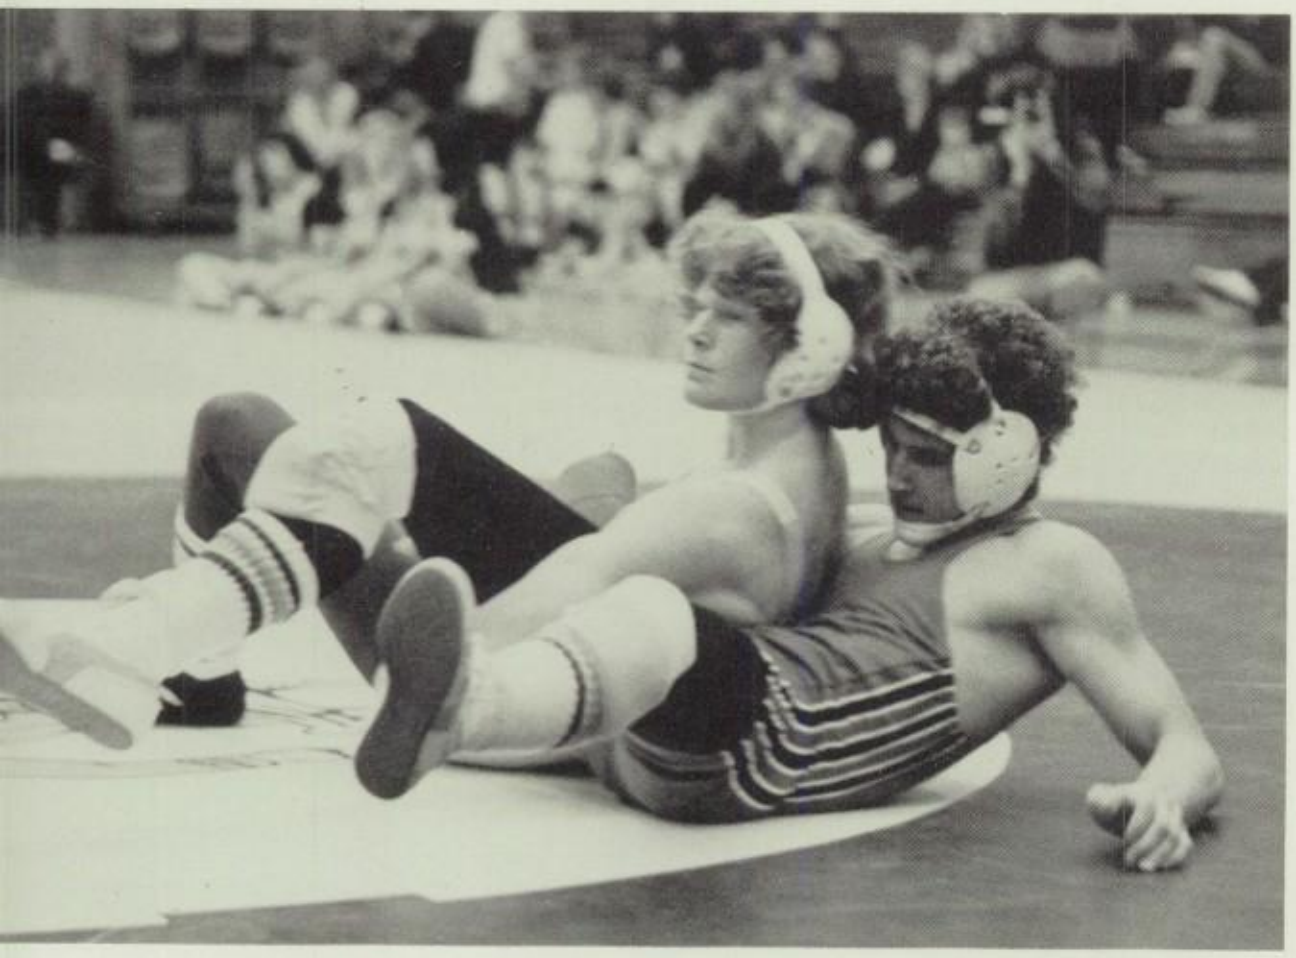


Bob Bailey struggling with opponent.

The '76-77 Sultan wrestlers, coached by Keith E. Richardson, were the best ever in the history of Santana. One of the members of the varsity team is particularly dedicated. Billy LaFountaine, a freshman on varsity, has been National Champion twice. Coach Richardson is exceptionally pleased with the magnificent team spirit and togetherness, evident on the whole Varstiy team.

J.V. Gets a Hold on Opponents

L. to R. Back row: Artie Boyle, Kenny Keaton, Bruce Widdowson, Mike St. Clair. Front row: Ken Surratt, Jimmy Land, Randy Williams, Ron Gudde.



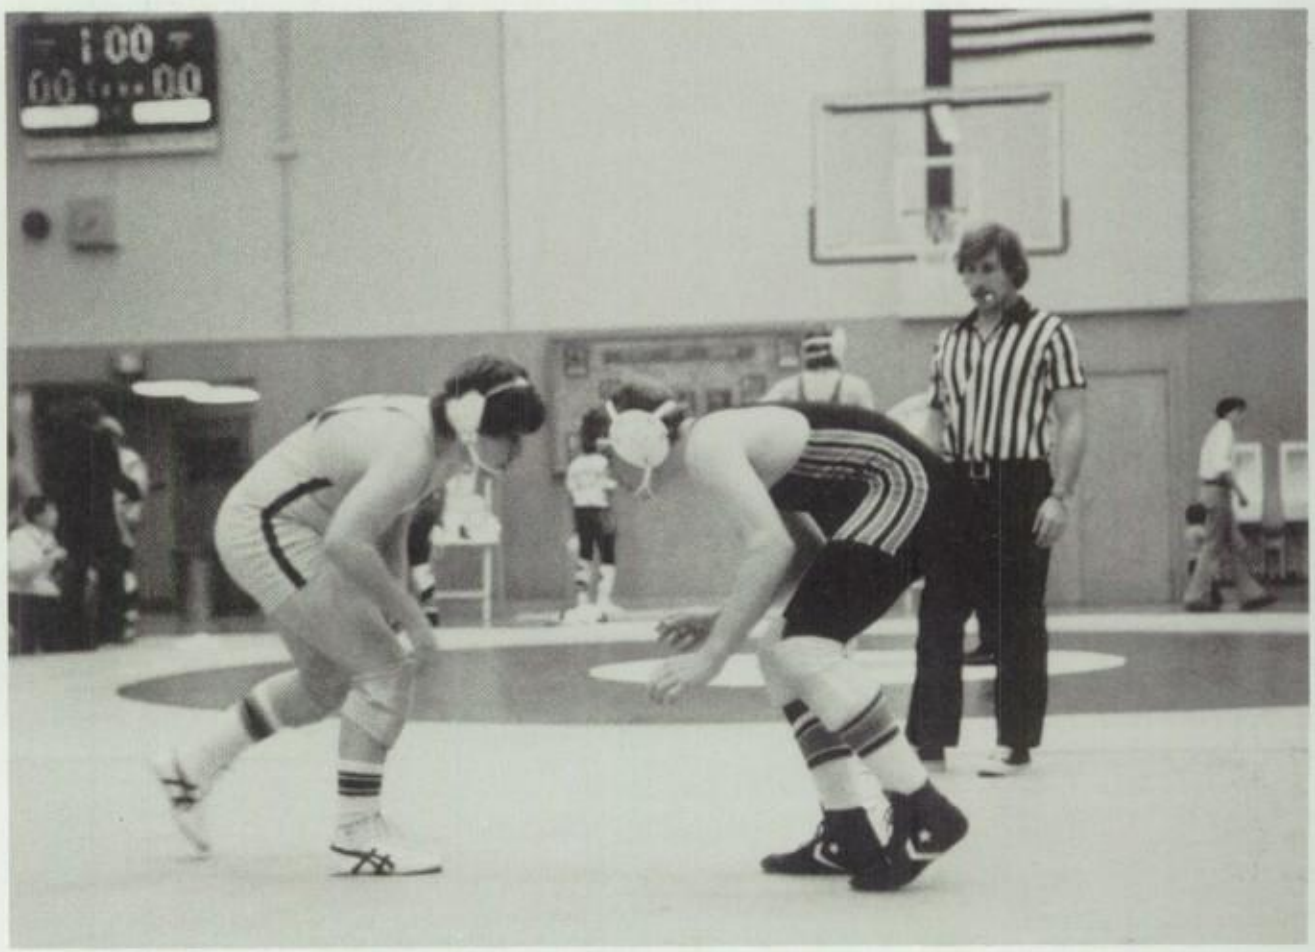
Bruce Widdowson overpowering opponent.

Coach Richardson, aided by Ken Crandall, Joe Henry and Clark Staples, have successfully conglomerated thirty-five boys into three wonderful, spirited, closeknit, scintillating and utterly outstanding teams. "Most people don't realize it," stated the coach, "but wrestling has gone to CIF every year it's been at Santana. We're going this year too!"

Frosh Wrestlers Take Down Rivals.

L. to R. back row: Steve Kelly, Dennis Jacobson, Jim Wiggenton, Peter Darnell, Carlos Olson, Mike Douglas, Randy Hanslik. front row: Dan Cantrell, Steve Bass, Dave Harris, Eric Johnson, Paul Ashing, Paul Carptenter.

"I'm really happy about all three teams this year. Although we're lacking depth, all the boys we have are excellent! I'm just so excited, I can't put it in words. The team spirit is unbelievable. All the boys are pulling together for each other, the great amount of teamwork is fantastic." Coach Richardson is clearly overjoyed about the wrestling results of this year, and has high hopes for the future.



Getting ready for the kill.

As usual the girls' swim team was gifted with a lot of outstanding swimmers. Unfortunately a first place doesn't win a meet, you need a second and a third along with it. Despite all league competition the squad came up with an excellent season. Led by Captain Laura Bloom they had a 3 and 5 record. With only seven seniors graduating Coach Esgate looks forward to a great season next year.

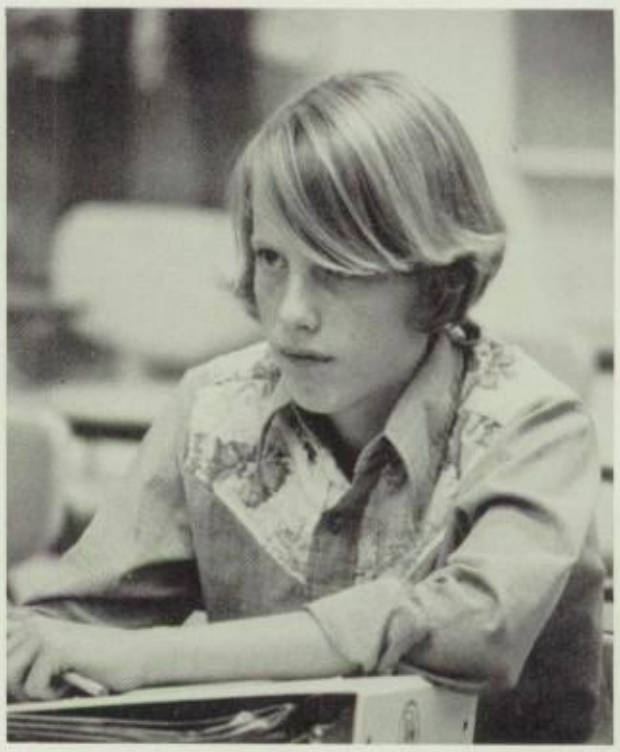
NEW FACES around CAMPUS

"Honest teacher I'm not cheating."

School girl crush!

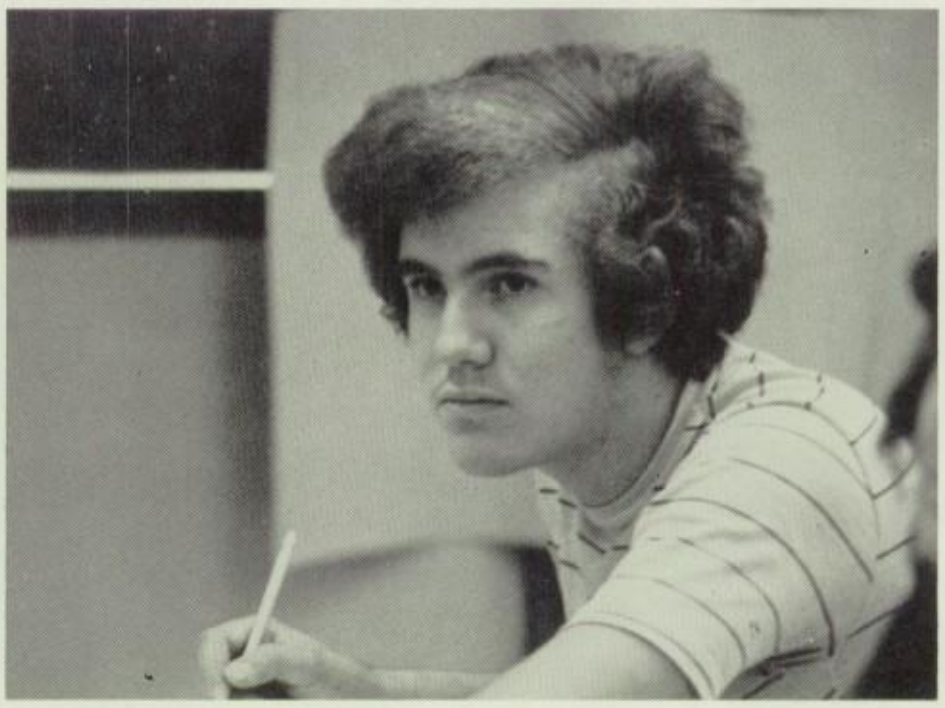
What a ham!

I can't believe I ate the whole thing.



Come on bell ring!

I wonder what HE is doing?



WOW! Look at those legs.

Reflections On Mr. Henry

Mr. Henry was a warm and dedicated person. He served as vice principal of Santana for seven years. Mr. Henry was an avid supporter of girls' athletics and contributed greatly in many ways to Santana. He was also an extremely fair disciplinarian. So, in memory, we dedicate the 1977 Santana Scimitar to Mr. Edgar Henry.

ADMINISTRATION: Thoughtful Direction

The Ultimate Turkey??!!

ROBERT C. BRADY Likes: People who are "involved" and like other people. Athletics, music, Friendly doers! Smiles! Dislikes: Excess of freedom without responsibility! Chicken! Frowns! Plans: Get to know the students and community of Santana better, to better meet their needs.

THE PEOPLE WHO MAKE IT WORK

This year we would like to thank all the people that helped to make this yearbook possible, especially Mr. Bob Guess. During his three years as yearbook advisor, his books were recognized as some of the most creative and well designed in California. In 1974 the Scimitar was selected as "The Best Yearbook in Southern California." The Scimitar gave Mr. Guess a chance to use his many creative abilities. In his spare time he scouts for the Montreal Expos and enjoys writing creative and commercial material. He told us that he misses working with the Scimitar staff. While advisor he learned that everyone has some form of creativity that can be developed. The Scimitar staff misses Mr. Guess also, and we would like to thank him for his continued support and interest in our book. Just because he is so involved with all students he will always be a part of the Scimitar staff.

We also want to thank the following special people: MR. HUGHES for his cooperation with photo assignments. He always accepted those late passes with a smile. We would like him to know that contrary to what he says, Ms. Mills won't sign anything. MRS. BEASLEY for all those checks we needed in a hurry for the cash boxes and the yearbook sales and much, much more. VAN COLLINSWORTH for the fantastic basketball section and for all your other great photos. GINO SIRAGUSA, CHARLES SUCHEY, and ROGER HARVEY for all the "art work under pressure." JANE SCHAFFER'S MEDIA CLASS for over 35 original posters. We wouldn't have had an ad campaign without you. You were a beautiful class. MRS. FOSTER for acting as temporary advisor during the first part of the year.

The high school days have ended for the class of '77 and they grow short for others. Perhaps it will be years before we will realize that these were indeed, the happy days. When we've taken that last test, gone to that final game and said good-bye to those who have been special to us, what then? What will remain in those windmills of our minds that we will savor, regret or will just grow dim?

"When you knew that it was over in the autumn of good-byes, For a moment you could not recall the color of their eyes! Like a circle in a spiral, like a wheel within a wheel, Never ending or beginning on an ever spinning reel, As the IMAGES unwind, Like the circles that you find in the Windmills Of Your Mind .....
. . . in the windmills of your mind . . . "
